Episode 1: New Recruit - Fallen In Battle

That was what I envisioned.
A fearless and unrestrained battle.
The hero of my life.
This room will be in charge of training these.
From today on, you are assigned to this squad with our training and communication practices.
Sorry, My Hero! The Battlefield Princess is ready to be one. But is it? Are you sure you're not going all out and good?
Who the hell thinked it would be a good idea?! That you'd be their Partner.
.....
Awesome.
Start running! Did you even rest? You're moving like you're taking a fucking stroll!
Yuck.
That was a crock. You went easy on me.
"Of the strongest, the weakest one could win." And "...which is maybe not. That's not what you two were fighting for."
Do you almost defeat mine, you unsocial cat?
Don't be jealous, girl. Is that how a five hundred years old—
Just from looking at your breasts, I can tell that you have a flatter butt. It's just like a woman's—
Quit your worrying! I get a woman to be mad about!
Not just— enough.
If we were to go into battle
I'll get fucking distracted 'cause I'll have to protect you.
Can't I hold your protection
"...be ruthless."

What happened, Arak, master?
He died.
He ended up like his commander - As a soldier died serving, and to their glory, the battlefield. A true honor. I'm sure he's very proud to be in Nornheim.
Ever since joining the army, I held the military in the highest regard.
Until I saw it with my own eyes. The corruption and the lies that run rampant in the ranks.
I used to think... that your mail wasn't strong enough.
To them, Dad... your sword is... not even sturdy!
Screw you, Bastard.
Tell me, sir, are my wounds really that severe?
.....
Oh dear, it seems the children have not been taught how to...
Fool.
Then bring her your head on a platter.
Hmph
Ouch.
